“Beware of mini cycle ramps in Tigard Oregon “

At the end of our weekend stay at the District rally in Kellogg Idaho this summer our group decided to use the technology of Brian’s G P S

locator to guide our trip home. It would have been a great extra 100 miles scenic trip if we had left

first thing in the morning but we left to late. We ended up riding at night along the river with high winds and chill factor. When we arrived in Tigard Oregon for gas stop around 12:30 a.m. my brain must been frozen. I was the only one in our group that took the motor cycle entrance to the gas pumps. “WHOOOPS” that was no motor cycle entrance ramp that was the wheel chair ramp to the sidewalk. “ Due” I want to thank everyone in our group for not harassing me about it, because they realized it was my first 400 mile ride after 30 year break from riding.

Safe riding Mel
